

# HNUTÍ PRO ŽIVOT CR (PRO-LIFE MOVEMENT CZ)

## ABOUT US

Pro-Life Movement CZ is a registered association. It aims to restore the inviolability of every human life from the moment of conception. For that purpose the Pro-Life Movement CZ provides counseling and practical assistance, publishes and disseminates related information, organizes lectures and information campaigns, supports systematic prayer efforts and works on legislative changes. The Pro-Life Movement CZ was officially registered in 1992. However, its roots can be found in the selfless work of many courageous people during the Communist regime since the legalization of abortion in 1957.

## MISSIONS

- › **COUNSELING HELPLINE:** Our toll-free telephone Helpline focuses on professional telephone and Internet counseling to help mothers expecting an unexpected child – more than 300 mothers per year. Our psychologists offer post-abortion therapy. We also provide personal assistance through volunteers in regions to pregnant mothers in need.
- › **WE DO NOT JUDGE. WE HELP:** We promote assistance to mothers who feel coerced to have an abortion so that they can really decide freely and keep their child. Majority of women feel coerced to abortion especially because of the lack of responsibility on the part of the man. The objective of this project is to require social responsibility of men. This project enjoys support of mayors, hospitals, gynecologists, actors and other famous personalities. The goal is to change the view on abortion – our fight cannot start with rights, but with culture and men's responsibility is the key.
- › **MOVEMENT OF PRAYER FOR THE SMALLEST:** People pledge to pray for the renewal of the culture of life every day with a special pro-life
- › **INTENTION EVERY MONTH:** Holy Masses are offered daily for pro-life intentions

Hnutí Pro život CZ is active on social media and distributes information materials on pro-life issues. Hnutí Pro život CZ also organizes the Czech National March for Life and encourages regional pro-life marches. It is also active in political lobbying for pro-life issues.
